The entrepreneurship cell of V.C.E.T., known as 'E-Cell' is formed with an objective of fostering entrepreneurship skills amongst the students of V.C.E.T. It is a student-driven and faculty-guided cell striving to channel the competencies of the budding engineers. It started in the year 2015 and now comprises an overwhelming strength of 50 students across various branches of V.C.E.T. Myriad of activities like seminars, talks & prototype building of the ideas are conducted for the students to strengthen their 6 Ps of success comprising of Patience, Persistence, Perspiration, Passion, Perseverance, and Pragmatism. With a variety of programs E-Cell plays a key role in the development of entrepreneurial skills and giving an opportunity to the deserving. At the same time, it has been invoking a sense of responsibility towards the nation in students by empowering social start-ups as well.

Objectives

1. To inculcate entrepreneurial mindset amongst our students.
2. To help students validate their ideas.
3. To help students get mentors who can handhold them.
4. To help students to find business ecosystem and funding opportunity.

Over the years we have tried to
