Dr. Harish Vankudre

As a proud VCETite, our cherished motto is the "overall empowerment of students" for their all-round development. Today, education means much more than merely acquiring knowledge. Our focus has been on the acquisition of knowledge and skills, building character and improving employability of our young talent. I am sure that VCET's culture, and an inherent strong foundation that the institution has provided to our these students, has assisted them to march ahead and achieve their educational objectives ensuring a stronger and brighter future.

This year on the academic front, we were able to maintain the same reputation and promised ourselves to remain consistent throughout the coming years. At the infrastructure level, we have renovated Ground and 1st Floors and renovation of other floors is in progress . In addition to that

Scraped Data

there are many more changes that surely added a class in the ambience of VCET .

I am also proud to share that this year we wholeheartedly responded to the appeal from the government to contribute to the society with open arms and in turn started a community services wing 'UDAAN'. Throughout the year we followed the 'Swachha Bhaarat Abhiyaan' by maintaining personal hygiene, spreading awareness and taking extra efforts to keep our surroundings clean and green. A clothes donation campaign resulted in a great success and trusts like Anand Ashram-Vasai and Dadasaheb Tatke Ashram-Thane benefited a lot. Also our volunteers started teaching Maths and English to students from Swagat Ashram Orphanage, Malad. We also organized a street play under the title '#RespectHer' in college premises. This helped us realize our social responsibilities and the true meaning of being an 'Indian'.

An excellent track record to mention as part of this year's achievement was the Training and Placement Committee's performance . This year ,with the whole hearted support from Management and members of teaching and non teaching staff including the students, we were able to set a high placement record . This effort was acknowledged by the stalwarts from various companies through their positive feedbacks praising the P.A.T. committee's hard work and sincere efforts.

The measures initiated by the management, the steps taken by college administration, the willing contribution of the teaching and non-teaching staff and the overwhelming response of students and the college activities in the past all vouch for this grand success. With such a steady stream of initiatives taken, it makes me proud to be the principal of this wonderful institution.

At this point I would like to appeal to all of you one more time to give your best and make this

Scraped Data

institution one of the best learning centers among its peers.I wish you all, good luck and greater success in your future endeavors. Proud VCETites, keep that energy and spirit alive as we write more and more of our success stories together.
