Name of Alumni	Akshay Vartak	Year of Passing	2007	Job Profile	SPITZEN GROUP (Co-Founder and Director, Business Development and Operations)	Testimnoials	VCET is an institution where emphasis is given on overall development of the student?s priority to industrial visits, guest lectures, and personality development classes so that graduates can lead the world. The VCET faculty imparted great values in me which made me ready for the outside real world. I would also like to thank the professors for getting me the first campus placement at Mahindra & Mahindra Ltd. as it?s always special for a student getting placed for the first time. These opportunities and experiences lead to a budding entrepreneur in me. I must say VCET is one of the finest colleges in its cadre and I feel proud to be graduated from this college. I wish this institution all the best in their future endeavors and help students achieve their dreams.
Name of Alumni	Vipul Bajaj	Year of Passing	2012	Job Profile	S V Pittie Sohar Textiles [FZC] SAOC	Designation:	Procurement Manager
Testimnoials	Experience at VCET: 4 years Journey in the college was my next home.

Faculty and Facility provided resolved the Technical issues and gave me ample opportunity to learn, discover and invent things in each laboratory. Be it Mechanical or Instrumental had the opportunity to access all the labs and interact with professors to gain insights about the developments in the departments and learning from them. Mechanical being the key for the growth with all passionate professors? practical experiences helped to grow and apply.

Message:

VCET is not just a name of the Technical College, it evolves entrepreneurs and engineers to grow and rise. I am an Entrepreneur and with vast Technical knowledge handling Procurement for the International Market. Books are only to study; opportunity is available to apply with basics at the ground level and grow from the guidance of the Faculty and the team at VCET from staff to teachers; peers to committees; Facility to Laboratory. Life is an engineering tool, learn the basics and apply through your creditName of AlumniAjinkya PdateYear of Passing2014Job ProfileBharat Petroleum Corporation Limited Assistant Manager Sales and MarketingTestimnoialsExperience: Those 4 years in VCET have been a transformative journey. I joined a rookie after 12th grade and graduated as an individual ready to take on the professional world. The Institute not only serves as a great source of conceptual knowledge in the respective streams but also helps you navigate through various challenges and circumstances by providing an awesome exposure to events (both co-curricular and extracurricular). It?s an ocean of knowledge with a lot of practical experience. The faculties as well as the administrative staff helps you through a lot of personal as well professional issues. All you need to do is ask. The experience acts as a foundation over which you build on.Message:My message to all fellow students is make the most of it. There is a lot going on around and do not miss out on the opportunity by just focusing on passing the tests. The campus gives you a lot of opportunities to develop overall. Always try new stuff no matter what. It?s going to be an exciting roller coaster ride. All the best and happy learninName of AlumniParin Suresh DaveYear of

Name of AlumniAashna DhordaYear of PassingAcademic Year 2014-15Job ProfileFinancial Analyst, Insync Analytics India Pvt. Ltd.TestimnoialsMy college experience at Vidyavardhini's college of engineering was a beautiful experience. The best part of being a part of VCET was that all our teachers thought us in a very systematic order. We always had a recap in every lecture before moving ahead which was very helpful. This was missing in my MBA college, and I really loved the teaching style of our college and missed. All our teachers had a cooperation and coordination amongst themselves. I miss my teacher than engineering college. The support and guidance they gave us was as that given by a parent / guardian.

Name of AlumniMr. Pratik PanditYear of PassingAcademic Year 2017-18Job ProfileSystem Engineer, TCS.TestimnoialsI can never forget the four amazing years of my life in VCET. From Day One, I started feeling like I am a part of my VCET family. As the time proceeded, my VCET journey started getting interesting from semesters to semesters. There was always an inquisitiveness for almost every new thing like new professors, new friends, new events, new fests and so on. My college journey not only taught us various skills which were applicable for lifetime but also gave me good people for lifetime (including my friends and mentors). I consider myself lucky enough to get this opportunity to study in VCET. Moreover, I consider myself luckiest because I graduated from EXTC Department. I would like to thank my college professors, my proctors, my lab assistants & many more people from my VCET family for always being supportive and encouraging us to participate in various activities. The college has given infinite memories to be cherished for lifetime. Aajbhidilkehta h: East or West, VCET is the best.

Name of AlumniKetaki ModakYear of PassingAcademic Year 2019-20Job ProfileSystem Engineer, TCS.TestimnoialsWhen I walked into the campus puzzleheaded, unsure of what is waiting for me, I didn't know these were going to be four amazing years of my life. The very welcoming campus took away my nervousness and made me feel a part of VCET family from day 1. And then, with each day, engineering journey started getting interesting. Meeting new professors, spending

TestimnoialsIn my opinion, VCET is strategically located, well capitalized private institution in North Western Mumbai, uniquely providing access to budding high caliber students looking for quality education and easy commutes. Backed by excellent facilities, a committed faculty, strong leadership and Trustees who value education, VCET has grown from strength to strength in the past two decades. It is now one of the top engineering institutions in Mumbai for a well-rounded professional educational experience. Message to the Students: Invest in yourself. Your college experience is second to none. Increase your knowledge ? master your material, expand your thinking, tinker hands-on as much as you can, network with all your friends and colleagues, be kind, share generously and never forget that you can achieve anything if you set your mind to it. No goal is too high, no moat is too wide, and no storm is too long. If you can dream it, you can do it. If I can do it, you can do it too.

Name of AlumniRohan KaikiniYear of PassingAcademic Year 1999-2000Job ProfileLead Instrument Engineer, Aker Solutions Pvt Ltd.

TestimnoialsAttending VCET at Vasai was my first foray into the ?outside world?. Studying Instrumentation helped me understand the principles behind industrial devices. Conducting experiments in lab provided me with Realtime practical knowledge. Working on project in final year provided me a peek into the industrial world I was about to enter. Engineering syllabus and examination method was an eye opener after tears of memorization-based study in school and junior college. VCET was even in those days a stable educational institution with dedicated faculty and support staff.

(TCS)TestimnoialsI am proud to be alumni of VCET. I am happy to see lots of good initiative taken by current staff of VCET. I got the opportunity to share my industrial experience with the VCET students. I will be glad to have more such session. Overall, I would like to be in touch with VCET college for forever. I wish all the best to current faculty, Management, and students.

Name of AlumniMakarand SawantYear of PassingAcademic Year 1999-2000Job ProfileHead SAP, Mahyco India Ltd.

TestimnoialsFew things which I recollect about VCET were Maths sessions from Perera Sir,The Biomed sessions from Kurve madam,practicals from Samanth Sir. We had the opportunity to visit Enron Plant as a Study tour encouraged and backed by our college. Recently I visited VCET am feel proud to see the laboratories,state of the art infrastructure,the Professors and the leadership of the Principal sir. Proud to be a VCETian

Name of AlumniShantanu KelkarYear of PassingAcademic Year 2002-03Job ProfileSenior Manager ? Strategy and New Initiatives (Software and Integrated Solutions) Honeywell International, currently based in Pune,17 years work experience across India, Singapore, Malaysia, Middle East and UK

TestimnoialsMy 4 years with VCET can truly be called ?Transformative?. When we joined the college in 1999, it was a relatively new course. There were apparently better options for Instrumentation at that time, but what was unique with VCET was the Zeal to prove itself as an exceptional institute providing knowledge and the excellent rapport that professors had with the students as a result. I can confidently say that those attributes continue to be true even today. VCET provided me the opportunity to explore myself as an engineer, a leader, an orator and much more, but most importantly an individual who can contribute positively to any situation or organization, which is what matters ultimately. I will always cherish my time in the college and would like to be involved in whatever capacity, in the college?s journey towards excellence! With heartfelt best wishes.

only given me the education but also the attitude to be curious, helpful, and sharing to achieve greater heights in corporate as well as social life. It is heartening to see VCET grow leaps and bounds over the years with a single objective of helping the students grow and contribute to the society. I always will feel proud to be a student of VCET and remain indebted for the immense contribution to my growth! .Name of AlumniSupriya BhuranYear of PassingAcademic Year

2002-03Job ProfileAsst. Prof, RAITTestimnoialsVCET, My Engineering College. Getting admission in VCET and that to in Department of Instrumentation Engineering was the real turning point of my life. Reaching to VCET was very easy as it is located very near to Vasai railway station. College professors were really very good, knowledgeable, helpful. Department had all the necessary equipment which were needed to do practical as well as project work. Mine was the first batch who entered into this new building which is very specious, the sun light and air circulation is really good inside the building due to which it useto feel lively. Not only studies but also all extra curriculum activities and sports were supported by college. At this stage I would like to thank Kanchan mam, Megha mam, Asolekar sir for their constant guidance even after my journey as faculty in same department. AlsoMarvinkurve mam, Mona mam, Patne mam, Shirsath sir these few name which I cannot forget from my College life. .Name of AlumniDr. Diptil JoshiYear of PassingAcademic Year

I was a student of VCET in 2005 and faculty member in 2011. In both the stints, my experience had been wonderful. Over the years, every time when I have visited the college, I have seen tremendous amount of progress in terms of infrastructure and the quality delivered. The staff members have been highly supportive and cooperative whether I was a student or a faculty member. I own a lot of success that I have achieved today to my engineering days. Today I am the Founder MD of an institute IEL (Institute of Educational Leadership), National Director of National Child and Woman Development Council (NCWDC), National Vice President of Intellectual Wing at Press Club of Drishti Bharat, Maharashtra State President and National Vice President of AICPW (Aesthetics international council for progressive women), Bureau Chief at Lok Samna News channel, and on board of multiple organizations. Right from Women Achievers Award, Iconic Personality Award, Global Peace Leaders Award, Global Climate Hero Award, Legend Dada Saheb Phalke Award, The Entrepreneur's Award, International Excellence Award, Business Excellence Award, I've got long list of awards to my credit today. And I owe a lot of these achievements to the years that I have spent at the college, with the apt and ablest support of faculty members as well as non-teaching staff members. I have very profound and fond memories of the college.

Name of Alumni Abhishek V. Potnis Year of Passing 2013 Job Profile Ph.D. Candidate, Centre of Studies in Resources Engineering, Indian Institute of Technology Bombay.

Testimonials I feel a sense of honor and pride to have been a student at the Computer Engineering Department of VCET! The faculty here is well qualified and talented. They have been extremely helpful to me in clearing my concepts and building a strong foundation for my career ahead. The non-teaching staff is also very cooperative and friendly towards students. The journey of 4 years towards the BE degree has been a great learning experience for me and I am grateful to the Computer Engineering Department for it! Proud to be a VCETian!

Name of Alumni Arpit Vora Year of Passing 2015 Job Profile Member of Technical Staff, VMWare San Francisco

Testimonials I discovered a new world when I joined VCET ? Computer Engineering department and my journey in that world was truly amazing! The atmosphere in the department was friendly and motivating at the same time. The program perfectly blends theory with the practical experience which helped me gain a deep understanding of the course materials and overall prepared me for every facet of my professional careers and further academics. All the professors in the department were ?easy-to-go? and always helped and guided me throughout my engineering journey. The professors provided one-on-one support and helped me equip my tool kit with all the skills required to land my first job as a Software Engineer at Capgemini. Also, the strong computer science fundamentals acted as a backbone support during my Masters in Computer Science at Rochester Institute of Technology. The best thing about the here is that there is a real sense of tech-community and there is so much to get involved in and learn from highly skilled professors and seniors. Overall, I feel this program is well designed and maintains the industry standard. I would recommend this program to anyone who is interested and inclined to learn the cutting-edge technology with flexibility and a friendly

Scraped Data

environment. Name of Alumni Rupa Prajapati Year of Passing Academic Year 2016-17 Job Profile Member of Technical Staff, VMWare San Francisco Testimonials When I reflect on my four years in the VCET, I conclude that the experience not only made me academically proficient but also prepared me in unpredictable ways for my career. Computer department with incredibly supportive classmates, and professors who were nothing short of champions, I was challenged to discover a voice I didn't know I had. That voice has played a central role in my work, as programming is vital to logical and critical thinking, to planning, designing, and scaling. I have worked as a software engineer in Atos and planning to pursue higher studies in CS, all because of overall development and training at VCET. VCET provides the curricular and extracurricular opportunities required for personal and professional growth and I owe gratitude to my teachers and computer department staff for enabling each one of us to believe that we are capable and preparing us to embrace the ever-evolving Global Challenges.

I am delighted to say that the faculties and the staff have helped me to achieve these dreams. At VCET, I not only had the chance to develop technical skills but also other aspects such as leadership & management skills. I am grateful to my faculties and the staff of VCET for providing infrastructure and guidance. And for all this, I just owe my heartfelt gratitude to my Alma mater and it's great to connect back.

Name of AlumniSiddharth MehtaYear of Passing2007-2008Job ProfileUber Technologies Inc, Engineering Manager, San Francisco, California, USA.TestimnoialsI'd say it was some of the best times of my life. 4 years I

Scraped Data

spent at VCET helped me develop into the person that I am today ? made me really strong and resilient. Getting through engineering degree isn't an easy task but all the teachers, & fellow students at VCET made it that slight bit easier to get through it. Good thing about being at VCET was that you never felt pressured ? it all came naturally to all of us. We had competition but it was always healthy competition and all the teaching staff made it easier to deal with it. Name of Alumni Piyush Mehta Year of Passing 2010-2011 Job Profile Team Leader, PAN India Manager MAHINDRA Lifespaces Testimonials About VCET :

One of the best colleges.

Faculties which treat u as their own kids and not like students.

Super infrastructure with modern amenities.

One thing which hits me hard is the culture, simple setup but very high productivity.

Culture which ensures that students like us who passed out in 2011 are still in contact with faculties in 2020. Name of Alumni Aditi Telang Year of Passing 2017-2018 Job Profile Barclays Testimonials It would be difficult to sum up four years of VCET in just few lines. Fore mostly, I would like to take this opportunity to convey my profound gratitude to college. My growth started from college life and it would not be possible without such enthusiastic professors who are masters of their field. Helping me with clearing my doubts whenever I approached them. The whole IT department had been supportive, not only during college phase but even after that. College had ensured that I have exposure to multiple extra-curricular activities, thus playing a very crucial role in shaping my career. I vividly remember our amazing cultural and technical fest, the hard work put by the organizing committees and also the constant support extended by college at every step. I feel college had balanced academics with fun in the right way making engineering days a blast. During the most crucial time of placements, the faculty and placement team provided us with lot of preparatory sessions so that we come up with our best. It had definitely helped me in securing 3 placements

Scraped Data

from esteemed organizations. It would never end if I pen down about my college friends. I have so many memories with the amazing batch of 2018! Lectures, canteen moments to events in the college, I find them all as part of memories, which I will always cherish. So thank you VCET for those amazing 4 years of my life.

Name of Alumni	Year of Passing	Job Profile	Testimonials
Ruchita Mall	2016-2017	Senior System Engineer, Infosys, Pune	VCET is a college where I have definitely shared the most pleasing four years of my life. Be it staff, classmates, or seniors everyone has been helping hand whenever needed. And best part is along with the technical growth of a student, there is proper care taken of personal growth too. There are different committees and event happening which keeps the crowd interested and enthusiastic and gives opportunity for one to gets engaged in various activities. VCET is definitely one of those college which gives an environment for enjoyment and at same time a good knowledge base for growth of an individual.

VCET as an institute helps in overall development of a student in academics as well as extracurricular activities.

Despite, Civil Engineering department being new compared to other departments, the infrastructure is well planned, and the laboratories are well equipped and maintained.

The faculty and staff are very supportive, experienced and possess good subject knowledge. The faculty is always available to solve any kind of queries or doubts arising in student?s mind.

The teachers always motivate the students to attend various seminars to enhance their technical knowledge.

To be precise VCET is one of the best Engineering college with well-planned infrastructure, experienced staff and well-equipped laboratory which helps in overall development of studentName of AlumniMr. Tushar PanigrahiYear of PassingAcademic Year 2016-17Job ProfileJunior Engineer, Food Corporation of India, Govt. of IndiaTestimnoialsI am a pass out of the very first batch of Civil Engineering in Vidyavardini? s College of engineering and technology in 2013-17

Despite being the first batch, the faculty, and professors we had, was very overwhelming to see as they were very supportive and approachable. They had all the resources to facilitate our academic excellence

Scraped Data

The labs have improved year after year, it had all the necessary equipment?s for a holistic development of Students. The experienced lab faculty helped us understand the subject in a more practical manner

One very important aspect, is the classroom environment, which was very positive All my batchmates were very helpful and there was an environment of mutual development which in turn helped the department

The college infrastructure encouraged all round development of students. Despite being active in sports activities, I got good support from the Civil engineering department to balance academics and extracurricular activities.

Name of AlumniMr. Ashthveer MashalikarYear of PassingAcademic Year 2017-18Job ProfileSenior Engineer brihanmumbai municipal corporationTestimnoialsCollege, in my opinion, is a great place to be and to learn things. In that our civil department provided an excellent environment to train and polish our expertise in perseverance, commitment for studying, reviewing, and learning subjects that will prepare an individual for the real industry. Positive attitude and peaceful mood of our faculty that helps me in handling any situation in a better way.

Name of AlumniMr. Bhushan .H. JawarkarYear of PassingAcademic Year 2017-18Job ProfileJunior Engineer, Soil and water conservation dept., Govt. of IndiaTestimnoialsStudents enter in an institute with two hopes good teaching and placement, I was one of them. I entered in V.C.E.T. institute in 2016. My 3 years of journey of becoming an engineer had been great key reasons for that was passionate teachers of civil department and library with abundant technical and other books which I consider are the key aspects for everyone?s academic and personal growth and I am always grateful to V.C.E.T. for that. Apart from scientific and practical study which was surely great due to great efforts of knowledgeable and dedicated teachers, college?s overall environment is such that it shapes you
