noble cause of education in rural areas. Vidyavardhini's College of Engineering and Technology, Vasai is located on the sprawling campus of Vidyavardhini, spread over an area of 12.27 acres. It is a short, two minutes walk from Vasai Road (W) Railway Station. The college is also accessible by road from Mumbai. Vidyavardhini Society received approval from AICTE to start the new college of Engineering & Technology with effect from July, 1994. The college is affiliated to the University of Mumbai for the four year degree program leading to the degree of Bachelor of Engineering.

Master's in management studies (MMS) is a postgraduate degree program that focuses on developing managerial and leadership skills in students. It is established in the 2023 in the Vidyavardhini's College of Engineering and Technology. It is designed to

develop the knowledge, skills, and competencies required for successful management careers across various industries. The MMS program covers a wide range of subjects related to business

and management, including finance, marketing, human resources, operations, strategy, and entrepreneurship. It aims to equip students with a solid foundation in these areas, enabling them to analyse complex business problems,

make informed decisions, and effectively lead teams and organizations. MMS programs typically include a mix of classroom lectures, case studies, projects, internships, and practical training, offering students hands-on experience

and exposure to real-world business scenarios. The program duration may vary, but it is generally completed within two years. Upon completion of the MMS degree, graduates can pursue diverse career paths in areas such

as consulting, marketing, finance, operations, human resources, and general management. The degree serves as a steppingstone for managerial roles in both corporate and
